ABOUT RUBIS

RUBIS is a French based publicly traded energy company founded in 1990. The company has grown through the acquisition of tank terminals and fuel distribution companies across the globe with a presence in Africa, Europe and the Caribbean region.

Operations in the English Channel Islands of Guernsey and Jersey began in 2008 and are ideally located on the yacht transit routes to and from the Northern Europe shipyards. Across the Atlantic is Bermuda as a transit point of the US and where our operations began in 2006. Our operations in the Caribbean began in 2005 and have now reached 16 countries: 12 English, 3 French and 1 Dutch speaking markets.

In addition to marine fuels, our product distribution mix includes LPG, retail, commercial and aviation fuels, refined products, lubricants, bitumen and chemicals.
